

Installing a wind turbine on a company roof!

You are the boss of Schmitz SHK in Cologne and you are really interested in installing a wind turbine on your company's roof. Indeed!

Your close neighbors are very angry and they have written a lot of letters of complaint to you. So you plan an open discussion with them.

Your invitation for an open discussion is dated on November 9th, 18:00 o'clock.

- 1) Develop a structure for your arguments
- 2) Think of an idea of compromise
- 3) Prepare yourself for this open discussion with a written fact sheet each!
